

HYDRAULIC PAPER CUTTING MACHINE

R Series Hydraulic Cutter Features:

R520V
R670V

R520V(W)
R670V(W)

Outline

Grace and modern outline, best selection for copy shops

Inclined cutting and rotary hydraulic actual or patent

Cutting becomes more calm and more heightened the motivity of cutting suit for pasteboard

longer front table

460mm length of front table, completely conform to CE standard

Adjusting blade from outside is very convenient

Make sure the position for blade is very accurate raveling out the question that blade sticks are easy damageable

patent of industrial design

Demountable side table for convenient transparent (get through the door width more than 80cm)

New infrared wall

The leading technology of 10 groups infrared beams, reaction within 0.2s

Extensive side table(optional)

An extensive side table for convenient piling books

High speed infrared wall(optional)

Convenient safety guard of reaction within 0.1s

Model	Max cutting size	Min cutting size	Cutting thickness (mm)	Precision	Press paper way	Push paper way	Program	Display	Power	Machine weight	Machine size(mm)
R-520V	520X520mm	30mm	65	±0.3mm	Hydraulic independent	Programmed	✓	LCD	220V 50Hz or 110V 50/60Hz 1700W	280Kg	1220 X 985 X 1240mm
R-670V	670X670mm	30mm	80	±0.3mm	Hydraulic independent	Programmed	✓	LCD	220V 50Hz or 110V 50/60Hz 2300W	350Kg	1385 X 1780 X 1320mm

ELECTRIC PAPER CUTTING MACHINE

650 Series Electric Cutter Features:

CB-650V2(W)

CB-650V⁺

CB-650A⁺

Model	Max cutting size	Min cutting size	Cutting thickness (mm)	Precision	Press paper way	Push paper way	Program	Display	Power	Machine weight	Machine size(mm)
CB-650V ⁺	670x655mm	30mm	80	< 0.3mm	Automatic	Automatic	✓	LCD	220V 50Hz or 110V 50/60Hz 1600W	300Kg	1280 × 980 × 1200mm

CB-650V2	670x670mm	30mm	80	± 0.3mm	Automatic	Automatic	✓	LCD	220V 50Hz or 110V 50/60Hz 1600W	305Kg	1365 × 1760 × 1000mm
CB-650V2(W)	670x670mm	30mm	80	± 0.3mm	Automatic	Automatic	✓	LCD	220V 50Hz or 110V 50/60Hz 1600W	325Kg	1365 × 1760 × 1320mm

ELECTRIC PAPER CUTTING MACHINE

520 Series Electric Cutter Features:

- Digital display that allows indication accuracy to .01"
- Electronic hand wheel with variable speed for manual back gauge setting
- Easy blade adjustment from the outside of machine
- Features like a safe and simple electro-mechanical drive for blade, clamp and back gauge make this paper cutter ideal for quick-print and franchise print shops

CB-520V2

CB-520V⁺

CB-520A⁺

Model	Max cutting size	Min cutting size	Cutting thickness (mm)	Precision	Press paper way	Push paper way	Program	Display	Power	Machine weight	Machine size(mm)

CB-520H ⁺	520X520mm	30mm	65	±0.3mm	Electric	Electric	×	LCD	220V 50Hz or 110V 50/60Hz 1300W	190Kg	1280×980×1200mm
CB-520A ⁺	520X520mm	30mm	65	±0.3mm	Manual	Manual	×	LCD	220V 50Hz or 110V 50/60Hz 900W	180Kg	1280×980×1200mm
CB-520V2	520X520mm	30mm	65	±0.3mm	Automatic	Automatic	✓	LCD	220V 50Hz or 110V 50/60Hz 1300W	210Kg	1140×1580×900mm
CB-520V2(W)	520X520mm	30mm	65	±0.3mm	Programmed	Automatic	✓	LCD	220V 50Hz or 110V 50/60Hz 1300W	225Kg	1140×1580×1000mm

ELECTRIC PAPER CUTTING MACHINE

480 Series Electric Cutter Features:

- Press paper with double poles, solves the inaccurate problem caused by spring press paper.
- Leading cutting speed, cutting strength, cutting thickness
- Micro adjust patent of outer blade
- 460mm length of front table, completely conforms to CE standard
- Optional high-quality alloy knife
- Brand new operative keyboard design

CB-480V6

CB-480Z
CB-480Z3

Model	Max cutting size	Min cutting size	Cutting thickness (mm)	Precision	Press paper way	Push paper way	Program	Display	Power	Machine weight	Machine size(mm)
CB-480V6	480X480mm	30mm	60	±0.2mm	Electric motor	Electric	X	LCD	220V 50Hz or 110V 50/60Hz 1100W	162Kg	960×780×1225mm
CB-480Z	480X480mm	30mm	60	±0.2mm	Electric motor	Digital	X	LCD	220V 50Hz or 110V 50/60Hz 1200W	165Kg	960×780×1225mm
CB-480Z3	480X480mm	30mm	60	±0.2mm	Electric motor	Programmed	✓	LCD	220V 50Hz or 110V 50/60Hz 1200W	165Kg	960×780×1225mm
